Fill it in!

## My Timeline

My Timeline (my evacuation action plan) is a list of actions you should take when the risk of storm and flood damage is increasing due to heavy rain or an approaching typhoon. Write it down so you don't panic when you need it!

Click here for an example of My Timeline →

Time Elapsed	Alert Level	Proclamation	Action
3 days ago (typhoon occurred)	Alert Level 1	Typhoon Forecast Equivalent to Alert Level 1	Let's fill in what we can do in advance [Example] Preparation of emergency items
2 days ago	Alert Level 2	Heavy Rain Advisory Flood Advisory Equivalent to Alert Level 2	
1 day ago	Alert Level 3	Heavy Rain Warning Flood Warning	Enter the time to evacuate
	Alert Level 3	Evacuation of the Elderly, Etc.	
	Alert Level 4	Evacuation Instruction	Enter the evacuation destination
	Alert Level 5	Emergency Safety Measures	Write down the best course of action to save your life if you are unable to escape.
0 hours ago	Alert Level 5	Emergency Safety Measures	When to evacuate

Surroundings [Example] Surrounding roads are prone to flooding

My Timeline

Point
